

## PRESSRELEASE

### **PowerFolder Sync & Share: Continuous growth with partners**

The biggest German University-Cloud, the educational system of Luxembourg, a flight to Mars – all realized by using a software from Meerbusch near Düsseldorf. What PowerFolder is capable of, you can learn at CeBIT at the Stand of the Ministry of Economic Affairs of North Rhine-Westphalia, Hall 06/Stand F18.

**Meerbusch/Hanover. PowerFolder is a Sync&Share-Software – developed by a young competent team with more than ten years of experience. The headquarter of the company is located in Meerbusch nearby Düsseldorf in the heart of North Rhine-Westphalia.**

PowerFolder is a safe alternative for Sync&Share-Clouds like Dropbox, Google Drive or SkyDrive. The software can be used as an In-house-Solution or as a Cloud-Service. The data will not leave the companies servers or the German legal system.

The key feature: The users have all of their documents always reliably and securely available on all their devices – PC or all mobile devices – and can share or synchronize them with others at all times. The data is always automatically up-to-date.

This is the reason why more and more private companies and public institutions rely on and trust in PowerFolder. The Highlights include:

» **Since 2012: All schools in Luxembourg** with around 55.000 pupils and teachers use PowerFolder.

» **Since 2013:** Cooperation with the US-Sensor Company Measurement Specialties Inc. – here PowerFolder has been used, among other projects, for the preparation of the **Mars Mission „Curiosity“**.

» **Since 2014:** bwSync&Share started on January, 1. - All universities in Baden-Württemberg with around **450.000 students and employees** are working with PowerFolder.

Moreover PowerFolder has been successfully used for years by **numerous universities and Max-Planck- and Helmholtz-Institutes** as well as by the **GWDG** and in **thousands of small and medium-sized companies**.

PowerFolder, is successful and wants to grow further. For this reason the company relies on their own know-how as well as on partners. In distribution, development and service PowerFolder is planning to strengthen the cooperation with other companies. We would be pleased to discuss details with you at our stand.
